 M: (5) a second. My shoe laces have come undone and I'd better fix this before I (6) over myself...
 W: Right. But hurry up or we're going to be late for the (7)!
- Welcome, everyone. As you all know, we've made quite a lot of recent discoveries about the earth. For example, we now know what mountains are made of and what the exact compositions of a (8) are. But even though we think we know quite a bit about its outside, we still don't really know about the (9) of the earth. For one thing, we still can't predict with certainty when a volcano will erupt or when a (10) one will become active again; that is to say, when a sleeping volcano will become an erupting one.
