Dear Dr. Hsu,

We want to thank you for the visit to the Huang Foundation in Taiwan. We enjoyed seeing you and your colleagues. The university is making in its building program. The pieapple cake, which were very delicious and also for the pictures, which turned out very well.

As we mentioned during our visit, we are very pleased that the Huang Foundation has just recently been given approval by the US Department of Treasury, Bureau of Internal Revenue, to terminate. They have ruled that a gift to Taipei Medical University of the foundation's assets qualifies as a gift to a public charity. As a result, we are making preparations to liquidate assets in order to make a final contribution to your school. We expect to complete this process sometime this summer and will keep you informed.

One condition of the government's approval is that the funds from the Huang Foundation will continue to be used for scholarships and grants.

Thank you once again to you and your colleagues for your continued support and cooperation with the Huang Foundation.

Sincerely yours,

*Ho-I-Chia Huang*

北醫的第三個五年計畫（2001-2005）中兩項重要硬體建設即將完成：醫學綜合大樓（United Medical Building, UMB）及附醫第三醫療大樓。

醫學綜合大樓目前外結構已將近十五層樓，工程進度略超前，包括在UMB建設中的體育館預定今秋使用，內部裝修本預定提前於5月發包，因董事會指示需待新學年度預算通過，始得進行。

1997-98年，在規劃UMB計畫時，胡俊弘校長即指示財務規劃包括募款新台幣2.5億元，目前已募得1.2億元，近兩年因大環境關係，進度稍緩。今年起胡校長指示，募款作業將進入專業專責的階段。

5月初，美國黃際鑫基金會（Huang Foundation）致函胡校長，將捐款約美金60多萬元，北醫萬分感激其關愛支持北醫的熱誠。

附醫第三醫療大樓是勢在必行的建設，否則本校附醫的床數規模無法達到醫學中心評鑑的標準，此項建設計畫目前已在台北市都審階段。財務計畫亦已擬妥，其中規劃募款為新台幣3億元。
