

附錄 III、Vicente Traver 教授個人簡歷

PERSONAL INFORMATION

Name: Traver, Vicente

Address: Clariano Street 18, 4 Valencia 46021 Spain

Telephone: +34 637 51 60 50

Fax: +34 96 387 72 79

E – mail: vtraver@itaca.upv.es

Nationality: Spanish

Date of birth: 22/01/74

PROFESSIONAL EXPERIENCE

Bachelor in Telecommunications Engineering (1998) and Ph.D. (2004) by Universidad Politécnica de Valencia. Assistant Professor at this University and Coordinator of the Health & Wellbeing Technologies Area of the ITACA Institute.

He has participated in different EU funded projects within the IV, V and VI Framework Programme and Spanish funded projects, dealing most of them with health care and social services making use of Information Communication Technologies.

He has published more than 50 technical papers in national and international journals and has participated in several seminars and conferences as invited speaker. His research is focused on the provision of home health and social care services through telematic media.

He is currently the rapporteur of the International Telecommunication Union (ITU) Study Group 16 Q.28 'Multimedia Framework for e-health applications', secretary of eHealth Standardization Coordination Group (eHSCG), having being invited to participate in different workshops dealing with eHealth. Member of the Editorial Board of IEE Proceedings – Communications. Chairman of pHealth 2008.

PERSONAL SKILLS AND COMPETENCES

Mother Tongue: Spanish

Excellent: English

SOCIAL SKILLS AND COMPETENCES

Management of European projects with multilingual and multidisciplinary teams since 1998

Speaker in more than 20 international events and congresses

Teacher in the Universidad Politécnica of Valencia since 2001, currently giving lessons of

Electronic Devices and Telemedicine Systems.

ORGANISATIONAL SKILLS AND COMPETENCES

Working as R&D Manager in the e-health field since 1998, he is an expert in:

- Management of people and funds
- Management of projects
- Elaboration of roadmaps, defining objectives, strategies and evaluation plans

OTHERS SKILLS AND COMPETENCES

Involved in more than 15 European and National R&D Projects since 1998

Technical coordinator of EU and National R&D Projects

Rapporteur of ITU-T SG.16 'Multimedia framework for e-health'

Secretary of eHealth Standardization Coordination Group (eHSCG)

Advisor for the Science and Technology Ministry within the group of Broadband communications

Evaluator of R&D Projects for the Baskonian region.
