

International Symposium on Dextroscope for Surgery and Education

"International Symposium on Dextroscope for Surgery and Education" was successfully held on 6 November at Taipei Medical University. The implementation of Dextroscope in our university was supported by the Teaching Excellence Project, Ministry of Education, Taiwan ROC. This symposium was organized by our Vice-President Professor Chen Da-liang, Professor Wing Chan at Department of Radiology, School of Medicine, and Director Tsang Wei-Li at Teaching Resource Center. We invited four international experts to deliver impressive speech in this symposium. They are Dr. Vincent CHONG, Professor and Head of Diagnostic Radiology, National University of Singapore, Dr. Ivan NG, Head and senior consultant of Neurosurgery at National Neuroscience Institute, Singapore, Dr. Henry Mak from The University of Hong Kong, and Dr. George KC Wong from The Chinese University of Hong Kong. There were more than 120 participants attending this conference. The symposium was formally began after Dean Tsang Chii-Ruen gave a welcome remark.

「六維立體虛擬實境影像國際研討會」獲得教育部教學卓越計畫的經費補助大力支持，且由北醫大副校長陳大樑教授、醫學系陳榮邦教授及教務處教學資源中心曾瑋莉主任負責籌備下，正式於11月6日下午在教研大樓六維影像教室(3102)盛大舉行。並邀請到四位國外專家包括：新加坡國立大學放射線科的Vincent CHONG 主任、新加坡腦神經學院Ivan NG主任、香港大學放射科Dr. Henry MAK 以及香港中文大學Dr. George K.C. WONG 和北醫附醫神經外科鄭泳松醫師等人。當天有超過120位與會貴賓共襄盛舉，研討盛會便在北醫醫學院院長曾啟瑞教授致歡迎詞下正式揭開序幕。
